**POLICIES**

**Vaccinations**

To safeguard the health and well-being of all our guests, all dog campers must have current rabies, DHLPP and bordetella vaccinations. All cat campers must have current

rabies and FVRCP vaccinations. By North Carolina State law, Companion Camp cannot board pets that are not fully vaccinated. Written proof of these vaccinations must be provided to Companion Camp, LLC before boarding. All campers must be free of fleas and ticks before visiting. Although Companion Camp maintains a sanitary facility, in a camp setting our campers do encounter nature's insects. Therefore, campers are required to be treated with a comprehensive insect repellent such as Frontline Plus or Advantix.
